MISSION: E.M.POSSIBLE

Emergency Services & Homeland Security

Your mission, if you choose to accept it, is to plan and execute the emergency management possible mission. You may have to work in hostile conditions, under extreme duress, completing tasks that may seem impossible. This mission may require the wearing of many hats and a constant shifting of roles and responsibilities with a limited budget . As always, if any of the Emergency Management team should be caught in a disaster or emergency, the secretary will disavow any knowledge of your actions. This message will self destruct in 60.
